SkyCity Is Modernizing Pharmacy.

We have a vision for a sustainable digital pharmacy.

Get Started

We started in 2014 with a vision to modernize the pharmacy experience.

SkyCity believes that one should have digital access to pharmacy professionals anytime and anywhere. It is possible through technology and innovation.

SkyCity, based in Florida, USA, is backed by a group of people & organizations who are committed to improving pharmacy services for everyone.

But that was just the beginning...

Full Service

A new kind of care

SkyCity is a full-service pharmacy designed around your life.

Get Started

Medication Therapy Management

MTM is a phrase used for a program that will assist you in managing your medications and health requirements. Get in touch with us now and book an appointment now for a medication therapy management session using one of our pharmacists.

Blood Pressure Screening

Have you been diagnosed with high blood pressure? Managing your drugs will be a significant part of your therapy program. Our qualified pharmacist will take care of th...

Immunization

Immunizations are crucial to reducing disease. Skycity offers an assortment of immunizations. For you and your loved ones to stay healthy with all the recommended vaccines.

Body Mass Index Check

A BMI (body mass index) is a calculation based on your height and weight. It's challenging to quantify fat in your system directly, a BMI can offer a fantastic estimate. Visit Skycity to measure your BMI.

Depression Screening

You have decided to take charge of your depression. Feel easier understanding that Skycity has your medicine in stock and can automatically remind you about refills.

Smoking Cessation

Smoking can be equally harmful to a person's physical health and addictive, and effectively quitting smoking can be both a standard and challenging to accomplish a goal. We make smoking cessation simple for you.

Refill/Medication Synchronization

Med sync is a program we offer here in the pharmacy, to synchronize your medication refills so you will have the ability to pick up all your medications on a single day every month.

Cardiovascular Disease Screening

Cardiovascular disease is the #1 cause of death for both women and men from the U.S. Along with your doctor's attention, they go outside your yearly checkup to supply a more comprehensive look at your health.

Cholesterol prevention program

You have decided to take charge of your depression. Feel easier understanding that Skycity has your medicine in stock and can automatically remind you about refills.

Alcohol Dependency Screening

Alcohol Screening Test is one of the oldest and most accurate alcohol screening tests. Not sure whether you or a loved one have a drinking problem? Use us and take a test for yourself.

Diabetes Self-Management Training

Diabetes Self-Management Training and Medical Nutrition Therapy are complementary solutions used to enhance diabetes care. Our experienced pharmacists will provide guidance to people with diabetes & protect all phases of diabetes self-management.

Worker's compensation

Workers' compensation insurance helps protect businesses and their employees from financial hardship when an employee is hurt on the job or gets sick from a work-related cause.

we accept Workers Compensation patients.
